Programs

ADRIÁN RAMÍREZ PÉREZ

GAME DESIGNER

I have experience as a video game designer and developer, a field in which I recently completed my university studies. My goal is to work in an environment that allows me to develop my skills. I have a great capacity for collaboration and learning, which helps me adapt quickly to new situations.

Experience

Game Designer

PlayStation Talents | July 2019 - February 2020

- Collaborate in the creation of a video game for the PlayStation platform
- Design the behavior of different characters
- Support the narration of the main story
- Program in C#
- Present the video game at the Fun & Serious Event organized at the BEC
- Manage and serve the public at the event booth

Mobile Game developer

Baleuko SL | Internship | March 2019 - June 2019

- Design the "kARRAKA" minigame to add to the "Kimu Zuhaitz Laguna" app
- Animate the 2D character
- Program in C#
- Collaborate with the Art Department
